Sometimes officers of the State who have insured their lives are compulsorily retired before the age of 55, i.e. before their Policies mature. In such cases though Rule 10 of the Insurance Rules admits of such persons continuing to pay premia upon their Policies till the latter mature there is no provision made in the Rules to recover the premia by means of monthly deductions from the pensions of the retired Policy holders.

The Insurance Commrs therefore recommend the addition of a clause to Rule 24 providing for the recovery of the premia from the retired Policy holders by monthly deductions from their pensions.

A clause recommended to be added to Rule 24:—

"In the case of Policy holders who retire on pension before their policies mature premiums may, with their Consent be deducted from such pension."
